

REMARKS

Applicant expresses its further appreciation for the subsequent telephone interviews that took place on April 7, 2009, and April 8, 2009. In light of those telephone interviews, an agreement has been reached that claims 46 and 47 are allowable if amended to include the recitation "ethanol in an amount of 10% w/w to 15% w/w." Applicant has thus amended claims 46 and 47 to include that recitation.

In addition, Applicant has canceled claims 23-45 and added new claims 48-65. Independent claims 56 and 61 are based upon claims 46 and 47 respectively, but recite "a spray orifice aperture of from 150 to 250 microns." Support for this recitation is present in page 5 of the specification, for example.

New dependent claim sets 48-51, 52-55, 57-60 and 62-65 are each based upon claims 40 and 42-44, but are instead dependent from respective independent claims 46, 47, 56 and 61. Thus, no new matter has been added. Applicant respectfully requests entry of these amendments. Claims 46-65 should all be allowable.

As it is believed that all of the rejections/objections set forth in the Official Action have been fully met, favorable reconsideration and allowance are earnestly solicited.

If, however, for any reason the Examiner does not believe that such action can be taken at this time, it is respectfully requested that she telephone Applicant's attorney at (908) 654-5000 in order to overcome any additional objections which she might have.

If there are any additional charges in connection with this requested amendment, the Examiner is authorized to charge Deposit Account No. 12-1095 therefor.

Dated: April 14, 2009

Respectfully submitted,
